

Free Career Match Process & Mission

Below I have listed the process and output format so you have a clear understanding of what to expect.

Please review everything below to ensure that this process and output will meet your needs.

If it does not, please let me know. I am extremely flexible and will tailor this to provide you with whatever you need. I feel this is important for both of us to strive toward a common goal.

Please know that, although you are free to stop at any time, when you receive the Student Report with career options I consider this to be the beginning of the process. From there it is my hope that we will then begin to explore careers in-depth (more information; talk to someone in field; job-shadow, etc.) to ensure your student has ALL the information he or she will need to make an informed career decision.

Process

1. The process begins with a 90 minute meeting (in-person, Zoom, or phone call)
2. After the meeting you will complete 3 personality tests at home (90 minutes total)
3. Within 3 days I will provide you with a highly detailed report (please review sample below):

Student Report - Unified - Sample - Greg Gipp

4. You explore these careers. If you don't like any, tell me where I missed the mark and I will redo it.
Once you find a couple of careers you are interested in, we can dive in deep to discover:
 - a. What is the job actually like (exploration; job-shadow; talk to someone in that career)?
 - b. What are my training options (including finances, and non-traditional)?
 - c. How can I make myself more likely to be hired?
 - d. What are my fallback paths if the job market continues as it is today?
-

Unlike other services I do not do this for money. It is my passion, and my ministry.

I truly pour my heart and soul into serving each student to the best of my ability – as unto God.
My ONLY goal is to help your student find a job they'll love without onerous student debt.

I will never charge for any of my work, however I *will* put in a LOT of work to help you find a career that fits.

To that end I want to make absolutely certain that after we get to the report phase you will not be surprised, or disappointed by what you receive. I will work extremely hard to serve you. My only request is that when you receive the report you acknowledge you have received it, then choose 1 of 3 options:

1. You did not find any careers to your liking (I will ask if I can learn what I missed and update list)
2. You appreciate the help, but do not wish to continue any further
3. You have found several careers for which you'd like to learn more (job-shadow, etc)

I consider it a great privilege and blessing to help you. I have carefully benchmarked against many other services, but if the above is not what you are looking for I can refer you to other services which have a fee.
